Certification:

Issue Date: April 14, 2025 **Version 9**

Expiry Date: December 21, 2028

Site Information

Accreditation Canada Diagnostics
accredits the capability of the named
testing facility to perform the listed tests.

Biochemistry

Calcium*

L063 Copper

L139 Iron, total - with iron binding capacity and percent saturation

L148 Lead

L168 Mercury

L266 Zinc

Lithium*

Magnesium*

Potassium*

Sodium*

Testosterone*

U063 Trace Elements - Manganese

U157 Trace Elements - Aluminum

U158 Trace Elements - Cadmium

U165 Trace Elements - Chromium

U277 Trace Elements - Selenium

U286 Trace Elements - Arsenic

U373 Trace Elements - Antimony

U374 Trace Elements - Barium

U375 Trace Elements - Beryllium

U376 Trace Elements - Bismuth

U377 Trace Elements - Boron

U378 Trace Elements - Cobalt

U384 Trace Elements - Molybdenum

U385 Trace Elements - Nickel

U389 Trace Elements - Silver

U391 Trace Elements - Strontium

U392 Trace Elements - Sulphur

U394 Trace Elements - Thallium

U395 Trace Elements - Tin

U397 Trace Elements - Uranium

U398 Trace Elements - Vanadium

U408 Trace Elements - Silicon

U419 Trace Elements - Phosphorous

U969 Trace Elements - Zirconium

Immunoassays

Cortisol*

Immunology

U458 Allergen Specific IgG Antibody
